## COUNCIL FIRE – DUTY TO COUNTRY

IT'S SNOWING!!! Who doesn't love the cool winter wind blowing through your hair as you go speeding down a hill on your sled? Or maybe you prefer the more subtle art of building snow wolves, snow dens, and snow people. Or maybe you just want to ambush your parents/ siblings/ teachers/ den leader assistant with a surprise snowball fight!! However you decide to spend your wintery season, nothing beats a cup of hot cocoa and snuggling by the fire at the end of the day.

This month the Wolves will be working on their Council Fire adventure. This adventure will give the Wolf Scouts the opportunity to learn more about their neighborhood and community structure, how they can be a part of their community through service, and how others have provided service to our country. The Wolves will participate in a community service project, they will learn about some of our hometown heroes, and they will learn and connect with their community and neighborhood.

Our biweekly den meetings will continue to be virtual this month but we will have an in-person pack meeting at Ft. Washington at the end of the month where we will distribute adventure loops and perhaps perform some of our skits and jokes for our families. Make sure to bundle up and dress in layers. And please make sure you complete the COVID-19 gating questionnaire for anyone who chooses to attend before the in-person meeting.

Wolf parents - please remember that the Duty to God Adventure – Footsteps and the Protecting Your Child from Child Abuse pamphlet are adventures and projects that are completed at home with the scout's family. Please let me know once you have completed these requirements so I can give your son or daughter credit. These are required for them to earn their Wolf rank at the end of the school year. I don't need proof of completion, but I do need an email, text, or even a shoutout during one of our Zoom meetings to let me know you completed these requirements with your child.

As always, please feel free to call, text, or email me with any questions, comments, or concerns.

## Accomplishments

For the month of January, the Wolves worked on the Howling at the Moon adventure. They learned different forms of communication, told some hilarious jokes, and performed some amazing skits. For their efforts, they earned the Howling at the Moon adventure loop! Way to go Wolves! AHOOOOOOOOOOOOOOOO!!!
