AIR OF THE WOLF

It's time to spring forward into Spring! The snow is finally starting to melt and the sweet scents of Spring will soon fill the air.

This month the Wolves will be working on the Air of the Wolf adventure. Air is everywhere. It's what we breathe in and out, it's what powers wind turbines that make electricity, it's what's in our balls that make them bounce, or in our tires that help them roll. It is unseen and yet all our other senses can detect its presence. It is so vitally important that this month we are going to discover the many things air can do for us.

Our biweekly meetings will initially be over Zoom but we are going to try to start meeting in-person again at Mt. Airy Playground once daylight saving gives us back that precious hour of evening light. Please make sure you complete the COVID-19 gating questionnaire for anyone attending the in-person meeting, including parents. I will be monitoring our COVID numbers and the weather and we will quickly switch back over to Zoom if we have to or if public/ health/school/scout officials instruct us to.

As we journey through our second half of our Wolf Scouting Adventures, it is important that the Scouts complete their at-home adventures. Namely, their Duty to God Adventure – Footsteps and the Protecting Your Child from Child Abuse pamphlets in their Wolf Handbooks. Please let me know once your child has completed these requirements so I can give your son or daughter credit. These are required for them to earn their Wolf rank at the end of the year. I don't need proof of completion, but I do need an email, text, or even a shoutout during one of our Zoom meetings to let me know you completed these requirements with your child.

Please feel free to call, text, or email me with any questions, comments, or concerns.

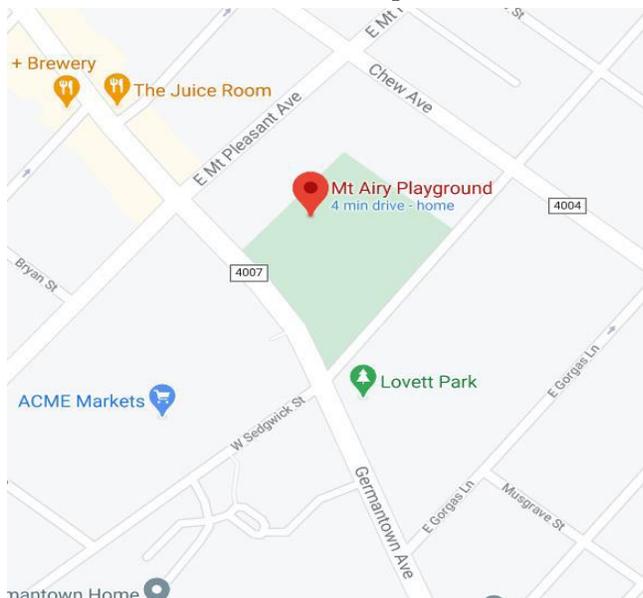

Accomplishments

For the month of February, the Wolves worked on their Council Fire – Duty to Country adventure. They learned about the different changes in their community, they did a virtual tour of a fire station, and they exhibited the tenants of the Scout Law by being helpful, courteous, and kind by preparing a meal for the women of the Well Shelter. And, we were able to meet in-person with the rest of our Pack at Ft. Washington where the Wolves performed their Howling at the Moon skit. Alright Wolves!! Ahooooooooo!!!
